FYI – At Monday’s weekly SMT meeting, Tomas presented to the DDs and ORA a Water Division overview for priorities in the year ahead (a strategic plan of sorts, but less than the “DOPs” of the past). Each DD has been doing this at SMT on a weekly rotating basis.

I’ve attached the presentation, FYI. You might find the speaking notes attached to each slide informative, and potentially grist for your 1:1 discussions with TT that are currently being scheduled.
